SKILLS

- Java
- HTML5 & CSS
- SQL
- JavaScript
- Python
- React
- Git

HOBBIES

- Painting
- Clay Modeling
- Reading Books

LANGUAGES

- English
- Hindi
- Marathi

PROFILE

Skilled Java Developer with expertise in building scalable applications and integrating machine learning models to enhance functionality. Proficient in Java, Spring Boot, with hands-on experience in developing complete web applications. Strong problem-solving abilities and a passion for leveraging both Java development and machine learning to create practical and impactful solutions.

PROJECTS

Expense Tracker -Web Application

DEC 2024

Technologies: Java, Spring Boot, MySQL, HTML, CSS, Thyme leaf

- Designed a comprehensive web application to manage and track expenses, incorporating custom CSS that enhanced user interface aesthetics, resulting in a 40% reduction in time spent on expense reporting by users.
- I leveraged Spring Data JPA like features for pagination & filtering.

Breast Cancer Prediction using Machine Learning

- Developed a Machine Learning model using Random Forest to predict breast cancer malignancy with 95%+ accuracy using the Breast Cancer Wisconsin dataset. Applied EDA, preprocessing, and evaluation metrics in Python.

INTERNSHIP

Bharat Intern (Remote)

- Developed and optimized Java-based applications, resulting in a 20% increase in performance efficiency.
- Implemented new features and enhancements for existing projects, contributing to a 30% rise in user satisfaction ratings.
- Utilized Java frameworks and tools such as Spring and Hibernate to streamline development processes and reduce project completion time by 25%

EDUCATION

- **B.Tech Computer Engineering** 2022 - 2025
Sanjivani College | Kopergoan
GPA: 8.4
- **Diploma Computer Engineering** 2019 - 2022
Government Polytechnic | Ahmednagar
Percentage: 91.66 %

CERTIFICATIONS

- Java Collections from Basics to Advanced Udeemy
- Database Management System Scalar
